The winner of the toss shall be given the choice of defense or offense, or the designing the end of the field at which the ball will be put into play. The referee will indicate the winner of the toss by placing a hand on his shoulder. To indicate which team will go on offense first, the referee will place a ball in the team captain's chest area while he is

facing the goal toward which his team will advance and give the first down signal. The other team captain will face the offensive captain with his back towards the goal which he will defend.
